Introduction

A robust Danish retail bank focusing on private customers and local businesses

Brief history

- Founded in 1824 as a savings bank listed in 1990
- Since 2001, we have focused exclusively on household customers and local SMEs
- At the same time, we started our transformation from regional bank to nationwide presence
- We offer a full range of products and services (both own and distributed) to our core segments
- We enjoy high customer satisfaction and loyalty potential for further growth in market-share
- Until now, our standardized approach to risk weighting has made for lower leverage and risk
- Spar Nord is a designated SIFI with corresponding MREL requirements being a key driver of funding requirements
- We expect to migrate to IRB models at the 2024/2025 changeover
- Our credit quality is strong and well positioned to face the prospects of more challenging years

Strategy and strategic actions 2023-25

Vision 60	Denmark	's best person	al banking s	ervices
The current setting	Geopolitical and macroeconomic uncertainty	Demands for individual customer experience	Competition for human resources and expertise	Focus on responsibility and sustainability
		- Local Bank M	lodel ———	

• Creating more value for our customers

- Improved services to large business customers by establishing Large Corporate departments in Aarhus and Roskilde to complement the Aalborg location
- Improved personalised service by becoming even more proactive and relevant in our advisory services and other communications

An efficient engine room

• Centralisation of administrative tasks – such as production and verification of business documents and financial analysis

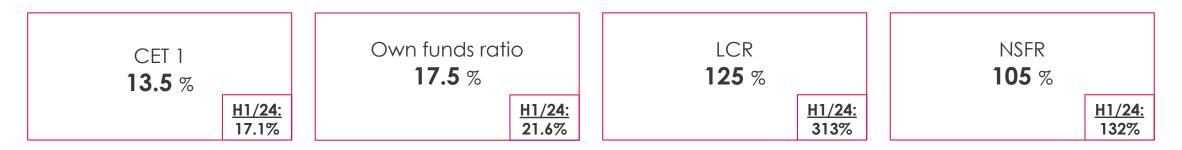

Strengthened local bank model

Consolidation of Spar Nord's market position by giving employees an increased mandate to make decisions that concern
customercentric areas and relations. This way, our employees should have an even greater opportunity to make a difference in the
areas where they live – and where the Bank operates

Net reversal of impairments in 5 consecutive quarters

Loan impairments amounted to DKK -37 million against DKK -4 million in H1 2023

- The positive trend in loan impairment charges under-lined an unchanged strong credit quality among the Bank's retail and corporate customers
- Underlying movement between private and business customers is related to the adjustment and recalculation of the management estimates regarding cyclical downturn and commercial real estate

• At the end of H1 2024, total management estimate was increased by DKK 37 million to a total of DKK 699 million

• The increase in management estimate was primarily related to continued uncertainty about a cyclical downturn, valuation of commercial real estate and the expected effects of the carbon tax on agriculture

Capital & liquidity overview

Capital coverage increased

• Capital ratios

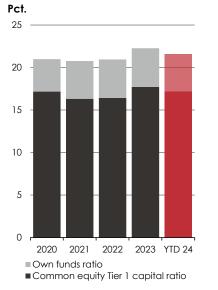

spar Nord

- CET1: 17.1 (strategic target: 13.5)
- Own funds ratio: 21.6 (strategic target: 17.5)
- Individual solvency requirement of 9.6% and combined buffer requirement of 6.4%
 - Excess coverage of 5.3 percentage points or DKK 3.3 billion

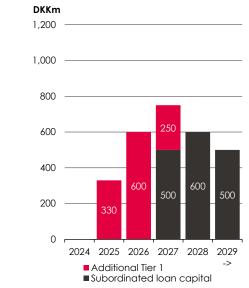

• Compared with Q1 2024, the Bank's CET1 ratio and own funds ratio were 0.2 percentage points higher

- The Bank's own funds was increased by DKK 266 billion and primarily driven by the recognition of the profit for the period less provisions for expected dividends
- Total risk exposure increased DKK 0.7 billion
 - The higher risk exposure amount for credit risk was to a large extent attributable to an increase in loans, advances and guarantees to retail customers
 - The reduced risk exposure amount for market risk was mainly driven by lower gross interest rate risk

Comfortable coverage for MREL requirement

- MREL and combined buffer percentage was 36.4% which is 0.3 percentage points lower than at Q1 2024
 - Prepayment of DKK 750 million MREL capital (Senior Preferred) in May 2024
- Excess coverage against fully phased-in MREL and combined buffer requirement of 6.8 percentage points by H1 2024
 - At H1 2024, implementation of a sector-specific systemic risk buffer for exposures to real estate companies at a rate of 7% resulted in an increase in the MREL and combined buffer requirement of 0.9 percentage points
 - With due consideration to ensuring ongoing refinancing, an even maturity structure and the current opportunities and prices of issues, Spar Nord regularly considers the need for and timing of issuing additional MREL capital
 - Spar Nord currently expects to issue MREL capital for between DKK 1 and 2 billion (around EUR 130 270 million) during the remainder of 2024

Strong and low risk customer deposit base

- Overall, a conservative funding profile which gives rise to strong liquidity and funding metrics
 - Liquidity metrics by end of H1 2024: LCR = 313 % and NSFR = 132 %

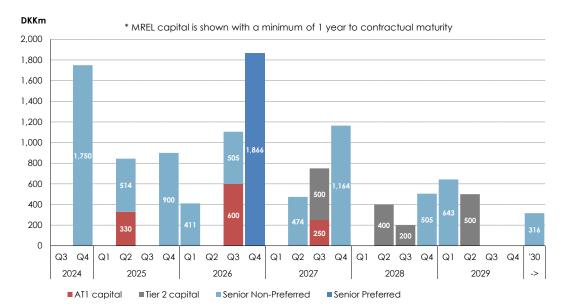

• Majority of funding based on a strong customer deposit base

- A natural consequence of the Bank's business model with focus on private customers and SMEs
- Focus on full customer relationships contributes to large deposit base
 - By end H1 2024, average deposits were in the range of:
 - DKK 160,000 per retail customer
 - DKK 3.1m per corporate/non-retail customer
 - 65 % of the customer deposits are covered by the Danish deposit protection scheme
 - 77 % of retail deposits

spar Nord

- 10 % of other deposits (sum of non-retail deposits, deposits from financial customers and repo transactions)
- With MREL-requirement fully phased in from Jan. 2024, outstanding amount of MREL-capital expected around DKK 9bn

Facilitation of mortgage loans from Totalkredit

Mortgage facilitation overview

- A major part of Spar Nord's business consists of facilitating mortgage loans on behalf of Totalkredit (owned by Nykredit) and DLR-Kredit (DKK 105.2bn by H1'24)
- When facilitating mortgage loans, Spar Nord is responsible for customer services, facilitation and initial credit assessment. Spar Nord then receives a share of the total income from the customer
- Risk of mortgage facilitation:
 - For Totalkredit private loans, Spar Nord is generally liable for losses on the cash part of the loan that exceeds 60% of the property's mortgage lending value
 - For Totalkredit business loans, Spar Nord is liable for 1/3 of the loan
 - On DLR-Kredit mortgage loans, Spar Nord is liable for a 2% guarantee plus a right of setoff
- In case of losses on loans facilitated by Spar Nord, a full or partial setoff will be made against the commission paid to Spar Nord for its loan-facilitation services
- Spar Nord records losses arisen on an ongoing basis, recognising them in impairment etc., so no losses are offset against future commission

Totalkredit Private – Spar Nord LTV & Historical loss rates for mortgages

• By end Q2 2024, 99.1% of Spar Nord's originated mortgage loans at Totalkredit were below 80% LTV and as much as 89.4% were below an LTV of 60%
